

# USER GUIDE

## Installation

1. Login into the backend and go to System >> Cache Management >> Enable All Cache Types
2. Upload files from “Netgo\_MulistoreNewsletter” folder to the root folder of your Magento installation:
3. Go to System >> Cache Management page at your Magento backend, and click the “Flush Cache Storage” button. After this action, the extension is installed.
4. Please log out from the backend and log in again for Magento to refresh permissions.

## Extension Settings

- 1) Go to System -> Configuration -> NETGO -> Multistore Newsletter
- 2) Enable extension

The screenshot shows the Magento Admin Panel interface. At the top, there's a navigation bar with tabs for Dashboard, Sales, Catalog, Customers, Promotions, Newsletter, CMS, Reports, and System. The System tab is selected. Below the navigation bar, there's a message bar with a warning about the base URL and a latest message about changing default phone numbers. The main content area is titled 'Multistore Newsletter' and has a 'Save Config' button. The 'Multistore Newsletter Setting' is set to 'Yes'. A blue callout bubble points to the 'Yes' dropdown with the text 'Enable module'. Another blue callout bubble points to the 'Multistore Newsletter' link in the left sidebar with the text 'Click here'.

## Front end section

1) After enabling extension, subscribe newsletter for different store.

### The Many Uses Of Coconut Oil

We are in love with coconut oil, and who can blame us? It's mind-boggling how many ways you can use it.

[Read More](#)

### Coconut Oil Blog

We've got a lot to say about Coconut Oil, and we're keeping it fresh on our blog. If you have any questions or comments, we'd love to hear them.

[Read More](#)

### Cooking with Coconut Oil

A rich, natural source of lauric acid, vitamin E, and medium chain triglycerides, coconut oil is a healthy way to add flavor to your food.
